Friends of Rangers

Large granite slaps with "Friends of Rangers" donors by year line both sides of the monument's walkway in the grassy area where it flares outward. Among Marauders & 5307th CUP replacements honored there -- some for multiple years -- are Francis Ponder, William H. Combs, Roy Matsumoto, Philip Piazza, Warner Katz, David B. Richardson and George A. McGee plus the Merrill's Marauders Association. There are probably others, whose names have become difficult to read. The National Ranger Monument is currently being given a "facelift" -- to be completed by 2021 Ranger Rendezvous in July. One red carnation was placed on one Friends of Ranger slap with the remaining ones placed on the Merrill's Marauder pedestal.
